

Poster in A3 – colour, submitted electronically and in hard copy

- Background
 - Aetiology, epidemiology, background
- The outbreak(s)
 - Timelines
 - Tests and results
- Recommendations
 - What you did to understand the outbreak and to bring it under control
 - What you did that worked, what didn't work, and what you would do differently next time.

University of Nottingham
UK | CHINA | MALAYSIA

TITLE
Authors
VPH Scenario group xxx

Background
Brief background
Possibly including images

Timeline

Outbreak description
What we did
Issues and problems and how they were solved
Might include some figures and/or tables

Recommendations
• How future outbreaks should be investigated and controlled
• A bit of reflection on how well the group functioned and what you would do differently.
